

Material Sources Meeting the Requirements of ADOT Standard Specifications Section 104.12

The following material sources have completed the ADOT Environmental Analysis process under our updated environmental specifications, including tribal consultation. This list indicates only completion of the environmental analysis. The ADOT District Engineer will determine whether other provisions in ADOT Standard Specifications have been met for final approval of use of the site. Contact Angela Roach at (520) 388-4253 for inquiries. **Please report errors in this information to Angela. This list is current as of 9/27/06.**

Note: Prefix Abbreviations: CM = Commercial; IC = Interim Commercial (< 1yr); PA = Processing Area only; PS = Project Specific.
Note: Districts need to report each project number used for "IC" and "PS" sources to Angela Roach. Note: Material sources given approvals based on special conditions have the words "**With Conditions**" at the end of the location information. To find out the specifics of the condition(s), contact Angela Roach.
